Every 2022 Color of the Year From the Top Color Experts

Every year, color experts and paint companies choose a color or color palette they feel best represents the current time. While their choices often go on to influence interior decor, design, and fashion, they're based on much more than trending aesthetic preferences, drawing from pop culture, technology, and even world events.

Ceramic Tile Selection: A Guide to Choosing Format, Color, and Decorative Relief

One of the most exciting aspects of architectural and interior design is experimentation. Design provides an outlet to play with colors, dabble in shapes, mix and match textures, explore patterns and expand creative boundaries, to craft a space that is as unique as the individual who inhabits it.

2022 Color Trends Inspire and Enhance Timeless White Marble

Color has profound psychological effects on our mind and body. After the uncertainty of the past two years, it is not surprising that color experts are predicting a turn to calming neutral earth tones in 2022. Natural stone trends are also moving to timeless, sustainable materials like white marble.

Ceramic Tile: A Healthy Choice for a Healthy Planet

With society's growing concern for health, we're scrutinizing the standards of the past and setting the bar higher when it comes to the building products and practices we use in our homes. Consumers today realize that health encompasses more than just a clean appearance — that a product shouldn't be considered "healthy" unless it's safe for us, as well as the environment.
