THE GLOBAL TILE & STONE EXPERIENCE

Rare Mosaic Floor Discovered in London

Archaeologists excavating a construction site in London have uncovered a rare mosaic floor dating to ancient Rome. This recent discovery drew attention for being the largest Roman mosaic to be found in London in the past 50 years.

Exciting Excavation

Globalization and the Tile Industry

The current war in Ukraine may seem miles away, but European tile manufacturing depends on clay from this region to sustain production. In addition to raw materials, tile manufacturing is an energy-intensive process that is impacted by the cost and availability of electricity and a variety of fuels. Many European countries rely on natural gas from Russia and rising costs add more strain to an already-destabilized supply chain.

Global Impact

Ceramic Wallpaper: Your Walls' New Best Friend

If you are thinking of adding some pizzazz to your lackluster walls, you may be considering wallpaper. That's right — a century after the 1920s wallpaper obsession, wallpaper is coming back into style, with options ranging from the traditional to the ultra modern. But before you roll out *paper* wallpaper, let us introduce you to the advantages of *ceramic* wallpaper.

How Proper Planning Ensures a Happy Tile Installation

Before tile installation takes place, there needs to be complete agreement between all involved parties. No second-guessing. No need to contact the NTCA for confirmation.

Just pure and simple agreement and confidence that all has been done per agreement.

Natural Stone vs. Manmade Materials for Exteriors

While design trends come and go, natural stone remains a timeless and flexible option for many exterior applications including cladding, paving, and hardscapes. This is due to the variety of natural stone types available that are beautiful, durable, and versatile.
